24 Year Old Danish Female Backpacker in Morocco Makes Final Trek with Beheading

Best Gore member [@Shmelcome](#) has this to add:

About the Danish girls getting beheaded, the information that you received is beyond false. Those men killed the Danish girls under terrorist attack, NOT revenge because they got cock blocked.

The girls had been murdered a week ago. A surveillance camera recorded the men. They were bearded and unaware that they were recorded. After that event took place those men were searched and wanted by the police. In order to go under the radar they changed their looks and were on their way to Agadir, a gold mine of tourists where they had plans to commit other sinister attacks.

The men were captured in the bus thanks to a peanut and water seller on board . He saw that one of the men was armed with a sword (very common weapon in Morocco). The seller signaled the driver in secrecy that there might be an attack on the bus. Once the police arrived they realized that those men were wanted for the Danish girls murder. They are now captured and will face severe repercussions for their crimes.

I am a Moroccan born and raised IN Sweden and I can honestly say, people like this are a rarity and bring sham and dishonor to true Moroccans. Those men are lucky they were not captured

by our real men. And another detail is that these disgusting men were from the mountains where most men over there are easily influenced. All Moroccans are praying ! We are sincerely sorry for the disgusting behavior of these hooligans, these savages that bring shame to our peaceful and colourful culture.

UPDATE

As I highly suspected will be done, BitChute removed all videos related to the beheading:

Hello,

we have taken this down as it's terrorist content produced by IS and in violation of our terms. In this case the report came from the French Government.
